Investment Bank Act (IBG)

Institutional liability, Article 4 (1) IBG

Guarantor liability, Article 4 (2) IBG

Refinancing guarantee, Article 4 (3) IBG

IB.SH is exempt from insolvency, Article 4 (4) IBG

Liability Guarantees per Article 4 IBG

Institutional liability

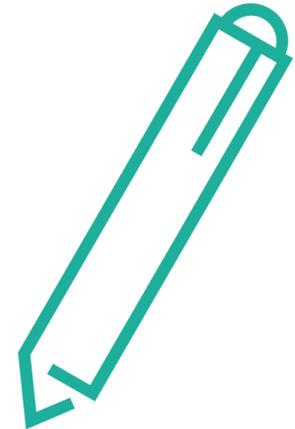

obliges the Land (federal state) as the institution's guarantor to permanently guarantee its viability and economic basis, and where necessary to provide financial support

Guarantor liability

refers to the Land's obligation to assume IB.SH's liabilities to third parties, if these can no longer be covered by the assets of IB.SH

Refinancing guarantee

includes the Land's liability for loans raised by IB.SH and for IB.SH guarantees (this guarantee means that banks from which IB.SH raises funds are not obliged to provide capital cover for these loans)

Structure of capital market / interbank refinancing per 31.12.2023

EUR-Benchmark bearer bonds issued:

ISIN	€m
DE000A13SL75 (06.09.2024)	600
DE000A13SL91 (13.06.2025)	500
DE000A2TR125 (15.05.2026)	500
DE000A13SL83 (03.11.2027)	500
DE000A2TR182 (27.10.2028)	500
DE000A2TR109 (17.10.2029)	600
DE000A2TR190 (06.09.2030)	500
DE000A30VNP9 (10.03.2031)	500

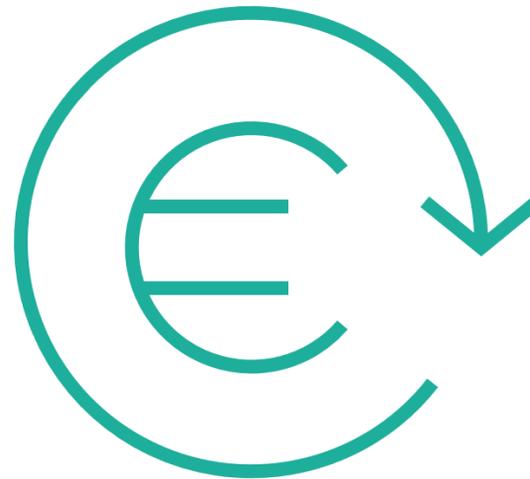

Our Funding Strategy

Business Development

Demand for development financing is expected to remain high for the next few years.

Main focus of support in 2024/2025

- Support business transformation to sustainability
- Consult on sustainable energy supply
- Create affordable housing
- Increase city centre attractiveness
- Strengthen municipal infrastructure expansion
- Encourage professional development

Refinancing

The annual funding volume through the money and capital market is estimated at approx. **€1.63 bn**. Capital is only taken up in euros.

Refinancing through

- Private placements
- Public placements with order book
 - Senior debt completely guaranteed by the Land in the form of bearer bonds, promissory note loans, and registered bonds
 - Plain vanilla products only (fix and float)
